

SWITCH UP
to
Elegant

Discover, experience and switch up the aesthetics of your walls and improve the safety and functionality of your electrical fixtures with state-of-the-art Jaquar Switches.

Jaquar's range of switches has been created to elevate not just switch consoles but the entire room's décor and functional convenience. They provide a touch of luxury and an assurance of performance and safety to complement the best interiors. Frameless, minimalistic and made with world-class designs, now choose from finely-crafted switches with poly carbonate, glass, and metal finishes.

Jaquar invites you to discover, experience and switch up the aesthetics of your walls and improve the safety and functionality of your electrical fixtures with our exquisite range of switches.

A new era has begun, for switches

At Jaquar, every detail matters. That's why our switches are not only aesthetically pleasing but also highly functional. We use only the highest quality, safe, temperature-resistant, and scratch-resistant materials to create switches that are designed to withstand wear and tear. Our switches also operate with a whisper-quiet performance, ensuring their high functionality level never compromises your space's serene ambience.

It's time for switches to upgrade their aesthetics and functionality to match the best of décor. It's time for Jaquar Switches.

Switch up to Jaquar

Jaquar's range of switches and sockets have been created to elevate not just switch consoles, but the entire room's décor and functional convenience. They provide a luxury of touch and an assurance of performance and safety to complement the best of interiors. Choose from finely-crafted switches with poly carbonate, glass, and metal finishes for every usage and application, to ensure a homogenous aesthetic for every switch in the whole home or office.

Karbonic

Fine poly carbonate switches

Available in White, Gold and Grey

Highlights and advantages

High strength, flame retardant and fade-resistant poly carbonate.

Easy on-off with nylon, anti-friction shutter for safety.

Switch and faceplate in one, for ease of assembly and dismantling.

Steel support with powder coating for firm installation and electric shock protection.

Terminal screw, ready for wiring, for faster wiring.
Frameless style.

Crystal

Opulent glass switches

Available in Black, Gold and Grey

Highlights and advantages

Made of 0.55mm tempered glass, with high hardness.

Resistant to scratches, surface wear and ageing.

High temperature resistance which makes them suitable for safe working.

Oil and corrosion-resistant, easy to clean.

Large wire connection hole for easy, firm wiring.

Frameless style.

Socket

Practicality meets art

Available in White, Brushed Silver, Black, Gold and Grey

Highlights and advantages

Combined Sockets and switches.

All contacts are made of high conductive metal shutters.

Nylon shutter are provided over a socket for child protection.

Socket are available with 2.1A USB and C-type DC battery charging.

Available in 6/16A Socket in line with Indian application.

Created for residential, commercial and hospitality use.
