MICROCHIP CONTROLLED 100% COPPER BLDC MOTOR

ENERGY-EFFICIENT, HIGH TORQUE AND
LOW TEMPERATURE RISE FOR LONGER MOTOR LIFE

The powerful permanent magnets combined with uniform electromagnetic field in its BLDC motor consumes 50% less power thus offering more annual savings than an AC motor fan. While the high torque produced by BLDC motor enables high air delivery, this motor keeps the circuits cool by ensuring minimal heat generation. BLDC motor ensures consistent performance of fan even at low voltage, up to 150 volts. With longer running time on power back-up & inverter, this microchip enabled motor allows the fan to rotate in both clockwise and anti-clockwise direction.

HELEOUS®

- Aerodynamic ABS blades for smooth and silent air flow
- Microchip controlled 100% copper BLDC motor
- Point anywhere RF remote
- Bi-Directional movement
- Whisper quite operation

A range of fans that keeps dust at bay.

GOODBYE DUST At Usha, we have always been inspired by nature. Our new range of ceiling fans is inspired by the Lotus, known for its dirt and water repelling qualities. The Lotus stays pristinely clean at all times. Coated with superior polyurethane lacquer, our fans resist accumulation of dirt. They are also hydrophobic (water resistant), oleophobic (oil resistant) and extremely easy to clean.

ENERGY SAVING FANS

If less noise, class and comfort is your demand, these award winning fans are the answer. These 5-star fans are designed with attractive sweep sizes, designs and technology. Energy conservation award by their side, these fans suit all the parameters of style, performance and energy efficiency.

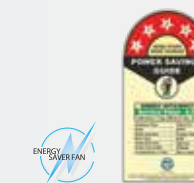

Energia 32™

- High Torque motor and constant speed even at low voltage
- Cool motor with energy efficiency reduces air conditioning bill
- Remote for convenience
- Super-efficient fan saves `830/- per annum
- Consumes only 7 Watts at lowest fan speed
- No humming noise, longer power backup on inverter

RANGE

PEDESTAL FANS

The all season favourite, be it the verandah, house garden or inside your home, these fans are well equipped to convert hot and humid environment to cool and refreshing space. Not just that, they also complement your air conditioners perfectly.

Cyclotron®

With a Unique grill design to deliver super powerful air throw, USHA Cyclotron is the cutting edge 5 blade fan which not only gives you faster cooling but also comes with silent performance.

- RPM 1200
- Air Delivery 67 m³/min
- Sweep 400 mm
- Air Throw 9 m
- 2 year Warranty

Available in: White Black

Helix®XT Hi-Speed

Ensuring high speed performance like this fan comes with an elegant body design and aerodynamic ABS blades to deliver higher air flow.

- RPM 2200
- Air Delivery 100 m³/min
- Sweep 400 mm
- 2 year Warranty

Available in: White

Common Features: ▶ 100% copper motor for longer performance ▶ Anti-Rust protection with plastic blades ▶ Aerodynamic blade design for high air delivery

Maxx Air Ultra

Fan with aerodynamically balanced blades for better performance. Auto resettable thermal over load protector for durability. Jerk free movement with uniform oscillation.

 RPM 1350  Air Delivery 70 m³/min  Sweep 400 mm  2 year Warranty

Available in:  White  Light Blue  Maroon  Golden

Striker[®] Hi-Speed

Strike it big with this high performance fan. This high speed and high air delivery fan is specially designed to suit Indian weather conditions.

 RPM 2200  Air Delivery 100 m³/min  Sweep 400 mm  2 year Warranty

Available in:  White

Common Features: ▶ 100% copper motor for longer performance ▶ Anti-Rust protection with plastic blades ▶ Aerodynamic blade design for high air delivery

Colossus

Presenting Colossus Aluminium Blade Fans. With the power of strong aluminium blades, Colossus boasts of long lasting, rust free performance and High air delivery.

 RPM 1320  Air Delivery 92 m³/min  Sweep 400 mm  2 year Warranty

Available in:  Blue  Red  Golden

Common Features: ▶ 100% copper motor for longer performance ▶ Anti-Rust protection with plastic blades ▶ Aerodynamic blade design for high air delivery

Pentacool[®]

Introducing Pentacool 5 blade fans with quiet performance, smooth air flow and high air delivery, experience the magic of 5 blades.

 RPM 1350  Air Delivery 85 m³/min  Sweep 400 mm  2 year Warranty

Available in:  Black & Grey  White & Blue

Mist Air Flo

Experience the perfect balance of performance and design with USHA Mist Air Flo. This MADE IN INDIA fan comes with aerodynamic polypropylene blades and rust free body to give you a long lasting and comfortable cooling experience.

Available in: Dark Blue Light Blue Maroon

Mist Air[®] Icy with Remote

The innovative remote control fan with smart features like 3 intelligent wind modes, sleep timer and 5 blade high speed function for icy cool comfort.

Available in: White

Common Features: ▶ 100% copper motor for longer performance ▶ Anti-Rust protection with plastic blades ▶ Aerodynamic blade design for high air delivery

Mist Air Icy

Experience icy cool comfort and assured safety in this elegant dual color fan with a resettable fuse and easy tilting mechanism.

Available in: Blue Red Purple Black and Yellow Ochre

Common Features: ▶ 100% copper motor for longer performance ▶ Anti-Rust protection with plastic blades ▶ Aerodynamic blade design for high air delivery

Farrata[®] VX

Usha Farratta VX with its powerful 20" metal blades gives high air thrust and its heavy base and strong body ensure comfort in a wide area.

Available in: Grey

Farrata®

Usha Farratta with its powerful 20" metal blades gives high air thrust and its heavy base and strong body ensure comfort in a wide area.
